

# Community Solutions in Bury, Tameside & Glossop

## Bury, Tameside & Glossop Community Solutions

### PRESS RELEASE - 1 July 2009

#### Glossop Health Centre Ground Breaking Ceremony

The official 'ground breaking' ceremony took place on a sunny morning in early July 2009 on the site of the existing health centre in Glossop.

Among the invited guests was Councillor and non executive director of NHS Tameside & Glossop, Lynn Travis. Representatives of the Local Improvement Finance Trust (LIFT), Bury, Tameside & Glossop Community Solutions Ltd, (the company established to develop NHS LIFT projects in Bury, Tameside & Glossop during the next 25 years), and construction contractor Morgan Ashurst Plc were also involved in the ceremony.

On site to record the occasion were photographers from local newspapers.

Following the event, Lynn Travis, said: "It's great to see work start on this new health centre, which will be a massive boon for the health of the people of Glossop."

The proposed building will offer a wide range of responsive health and community facilities centred on the patient including: modern consulting rooms, minor injuries and major treatment services, dental services, speech therapy services, chiropody and podiatry services, ophthalmology and orthoptic services.

The construction and fitting-out of the new Primary Care Centre are scheduled for completion towards the end of June 2010.

**ENDS**

#### Note to Editors:

Bury, Tameside & Glossop Community Solutions (BTGCS) is a public private LIFT (Local Improvement Finance Trust) partnership between NHS Bury, NHS Tameside & Glossop, Community Health Partnerships (CHP) and private sector partner Community Solutions for Primary Care.
